

More Charter Schools – No Way!

Otten 4 Mayor

It has been a decade and DC charter schools have proven they are not the answer to DCPS woes, accountability is! The leadership in the District has historically conducted demolition thru neglect and this can certainly be said about our schools. Why do we have funds to build a massive baseball stadium for the rich while our schools are shut down? It's time to reprioritize the needs of working-class families at the top of our to-do agenda!

We must have a * Moratorium* on building more charter schools until we make an impartial assessment of these schools and remind ourselves of the intentions of the original Charter school movement -- this was to practice new experimental curriculums, free principals from red tape to broaden academic freedom and then take winning models to work back in traditional public schools.

In reality, Charter schools are not held to account in the same measure as DCPS, aren't succeeding as they were predicted to, and help to remove students from the DCPS system. Moratorium Now!
