

HOME PROTESTS ARE GOOD for DEMOCRACY!

Otten 4 Mayor

My mayoral campaign is centered on empowering our ANC Commissions. They are the most accountable elected position in The District. WHY?

ANC Commissioners are elected very two years and are held to an electorate of 2000 of their neighbors, typically attract local grassroots activists and are more accessible.

I would like to empower our ANC Commissioners. As mayor I will push for more funds to be allocated to each ANC, that commissioners get paid a PT stipend, and they have binding decision-making at the local level. By binding decision-making I refer to an example. Let's say a developer wants to build a condo in your neighborhood and the ANC says no. The Mayor's office cannot overturn this decision, period. Let's say an ANC Commission decided to allow the condo despite their neighbors outcries... well seeing that they are our neighbors, ANC's can expect lots of house demos!
