

The DC Statehood Green Party

The only party that:

- Fights for DC statehood - a vote in Congress is not enough!
- Works for DC residents - not for big landlords, developers, and outside-DC businesses!
- Advocates for guaranteed health care and housing, quality public schools, and fair (progressive) taxes!
- Says **NO** to the taxpayer-funded stadium and handouts to baseball billionaires!

WE TAKE NO CORPORATE DONATIONS . . .
but we could certainly use your help.

DC Statehood Green candidates on November 7:

- Joyce Robinson-Paul for US Senator
- Keith Ware for US Representative
- Chris Otten for Mayor
- Ann Wilcox for City Council (At-Large)
